Buy in the Beautiful Gray Tract

One of the best subdivisions in San Mateo County. No adobe; the finest of soil—loam and gravel; beautiful oak trees, and situated on the Woodside road. This road is soon to be made into a beautiful boulevard. NOW is the time to buy. Only a few blocks from the new electric line. Don't let all outsiders come here and buy up the best. These lots are all 50x100 feet; no 25-feet frontage here. I want you to call at the office and I will show you what these lots are, and I would like to see our own people get in on the ground floor—not all strangers. About forty of these lots have been placed on the market for $250 each; 10 per cent cash, remaining payments to suit purchaser.

HOME IS MADE OF LOVE AND CASH

And the Love is Much More Important than the Money

Into the manufacture of a home go two chief ingredients: love and cash. The first is absolutely essential; of the second at least a little is no less necessary.

But the words "a little" have a very elastic interpretation. Some women could create a home from two cracker-boxes and a hammock; others, with unlimited means, financially, fail. The problem is largely an individual one.

Generally speaking, an average of one hundred dollars a room will buy durable, attractive furnishings of permanent value, says the NEW IDEA WOMAN'S MAGAZINE for May. But, if less money is available don't give up the venture in despair. Study the situation carefully, however, and be prepared to make sacrifices. It is surprising how few things after all are really essential. Decide what these are, and later add to them piece by piece. Setting-up housekeeping in this way becomes a continued delight, every new article acquired fitting into a niche awaiting it and contributing to the ultimate whole that is dreamed of.

And this suggests a caution: don't get inferior goods. Buy second-hand, if you have to, rather than cheap new furnishings. Such goods are never cheap.

Even if the balance at the bank seems pitifully inadequate, if you are financially able to make the start, go to housekeeping just the same. It's a thousand times better than boarding; and it's surprising what good results love and care together can produce even with a little cash. Be ready to make sacrifices; they make home so much the sweeter. However simple your domain may be, it is your own,—something to love and plan for and save for,—the material foundation of the new life you and HE are begining to gether.

Taking the School Census

The taking of the school census begun Wednesday morning and will continue until May 10. County Superintendeent Cloud wishes to again request the parents of the county to cheerfully answer the questions propounded by the census marshals, as a correct and complete report depends largely on the co-operation of citizens with the efforts of the department. Furthermore, the amount of school moneys received by the various districts also is based on the cenusu report.

It is the duty of the Census Marshal to report the results of his labors to the Superintendent of Schools on or before the tenth day of May in each year. He shall visit each residence in his district, and by actual observation and interrogation enumerate the census children of the same. When ever a district is formed lying partly in two adjoining counties the Census Marshal must report to each County Superintendent the number of children in each county. His report must show: The number, age, sex, color, name and nationuality of the children listed, and the number of those who from deafness are unable to hear common conversation. The names of the parents or guardians of said children, arranged alphaberically, except incities of the first class. In all cities the number and street of residence must be given. The number of school children in each house, or family, that have not beenvaccinated. The Census Marshal shall have power to administer oaths to parents and guardinas. He must include in his report all children who are absent attending institutions of learning and who parents or guardians are residents of the district; he must also include as census children the children of Indian parents who are not living in tribal relations. Orphan children, half-orphan children and children living in orphanages and attending public school shall be listed in the district in which the orphanage is located under the guardianship of the matron of the orphanage; he must also include all native-born Chinese children. He must not include in his report children who are attending institutions of learning or such benevolent institutions as deaf and dumb, blind and orphan asylums in his district whose parents or guardians do not reside therein, unless such children attend the public shool in the school district in which such benevolent institution or orphanage is located.

In previous taking of the census Mongolian children not born in the United States were not regarded as census children, but this year all children of Mongolian descent must be included inthe report. Mr. Cloud also wishes to direct attention to the fact that children of five years of age should also be counted as census children.

A baseball game was played Saturday between the local grammar school team and one from Palo Alto grammar school which resulted in a victory for the home boys with a score of 12 to 13.

SONGS THAT WERE DEAD

No One Can Sing Old Songs Successfully Except Jose

Ashton Stevens the eminent California dramatic critic never failed to enthuse over Jose's singing. Here is what he once wrote of him in the Examiner:

"The Isle of Bamboo" was the name of the piece that was opened at the American Theater yesterday afternoon, but the real attraction was our never-fatiguing friend, Richard Jose, as ever the greatest of all the popular ballad singers."

"Indeed, Jose is ever greater than that. He can sing songs that were dead years ago for any man but Jose, and sing them straight into your heart.

"O, fastidious ones of modernity, thing of weeping at this time of day over 'Silver Threads Among the Gold!' yet they wept yesterday as Jose sang that old song—ladies, old and stout and young and slim, and men, fat and lean and sedentary. And the martial toes beat time when Jose exhumed 'Dolly Gray.' That made soldiers of us all. And when he soared a whole octave and sang in his matchless contra tenor, 'Tramp! Tramp! Tramp! the Boys Are Marching!' as counterpoint against the orchestra's 'Dolly Gray,' then the applause was in the nature of artillery."

Jose will sing popular ballads at the Alhambra Theater Monday evening, April 20th, between the acts of "Don't Tell My Wife," a new farce-comedy, which will then be presented for the first time in this city.

In this play a mother-in-law is determined that her son-in-law shall continue to be the hero he represented himself to be before marriage. Then his troubles really begin. In his efforts to successfully deceive his wife and mother-in-law this character, Captain Bennett, gets himself into almost inextricable difficulties which while serious for him are very laughable for the audience.

The story is natural and does not even border on the impossible. It is also clean and wholesome in tone. There is not a "naughty" line in it which will prove satisfactory to local playgoers who never did take kindly to the "problem" play or the Frenchified farce. The performance will be enlivened by the sweet-toned voice of Jose.

Is Law Violated?

A special dispatch to one of the Wall street news bureaus from Washington yesterday quoted Chairman Knapp of the Interstate Commerce Commission as saying, with regard to the proposed action for the dissolution of the merger of the Union and Southern Pacific Railroad systems, that of three apparent grounds for a prosecution under the Sherman law, two—namely, the contract between the Harriman road and the San Pedro road and the contract for joint and alternate control with the Rock Island of the Chicago & Alton—have been abrogated, and there is no longer ground for complaint. He is also quoted as doubting if action would lie to correct an abuse that it is conceded no longer exists.

Mr. Knapp continued, according to the dispatch, as follows:

As to the third case, based on Union Pacific ownership of Southern Pacific shares, there is a close question whether this constitutes violation of the Sherman law. The Union Pacific had plenty of connections to the East, but only one to California, which is over the Southern Pacific system. In the event of the Southern Pacific falling into hostile hands at Huntington's death, Harriman would have no close connection, and would be forced to build. So he set about to buy in the Southern Pacific to assure the connection and protect his property. I doubt if the proceeding will be held illegal.

If a decision should be obtained holding that the Union Pacific control of Southern Pacific must be given up, such a construction would also apply to the New York Central's ownership of control of the Lake Shore and the Michigan Central, competing between Chicage and Buffalo.

Again, there is the Pennsylvania Railroad, which owns the stock of the Pennsylvania company, controlling in turn the parallel lines of the Pennsylvania west of Pittsburg. The number of illustrations is long, and the large question arises whether it would be for the public interest to have these systems broken up into their competent parts.

Nobody can tell with any confidence how the Supreme Court will decide the case of the ownership of the Southern Pacific by the Union Pacific, as constituting a violation of the Sherman law.— New York Tribune, January 4, 1908.

A man names Forbes was arrested in Santa Cruz for buncoing widows by inducing them to give him money to procure mythical estates for them. He said when arrested that his true name is Henry Chuotta and said that he had only been in California three weeks, and hailed from Memphis, Tennessee. A man giving the name of Forbes, secured $10 from a lady in this city about two weeks ago, and it is supposed that he is the same party as in jail in Santa Cruz. He is held on the charge of obtaining money under false pretenses in the southern city.

On account of the high prices asked for property on which to make the course from the Southern Pacific main line, the Stauffer Chemical Company has abandoned the scheme for running a spur track on Chestnut street Whether the company will make any further attempt to secure track facilities for the salt works, has not been divulged but it is presumed that nothing will now be done as Chestnut is the only street which runs through to the marsh.

Board of Trade Banquet

The annual meeting of the Board of Trade was held at the office of the secretary, F. H. Thorpe, Tuesday evening at which the following officers were elected for the coming year: President, Guy P. Hull; vice president, Geo. W. Winter; secretary-treasurer, F. H. Thorpe. A vote of thanks was extended to A. D. Walsh the retiring president, for his painstaking efforts on behalf of the organization during his incumbency.

Next Thursday evening the banquet of the board will take place. Steps are being taken to make the event a notable one in the history of the organization. It is expected that the full membership will be present together with a number of invited guests. The talks will be largely on the line of local improvement and the subject in its various phases will be discussed by some of the best speakers. The aim of the board is to work in harmony with the city council in the matter of civic improvement.

Ellen Taylor Passes Away

Mrs. Ellen Taylor died in Sacramento Friday last at an advanced age. She was formerly a resident of this county coming here with her first husband, Cornelius Leahy in the early 50's, and making her home on the county road about a mile from this city. Mr. Leahy was accidentally killed in 1858 and the widow and family of four small children moved into town where some years after she contracted a marriage with Edward Taylor who died a few years later. The children grew up here, received their education, and were quite prominent among the younger social circle. They finally married and drifted away from here and the mother accompanied them, disposing of the large property interests which she had acquired. All of her children survive her and are as follows: Mrs Wm. Minner, Mrs M. H. Graham, Mrs. Alice Wallis, Stephen and John Leahy and Joseph Taylor. The funeral took place from the home of her daughter, Mrs. Graham in San Francisco, Monday, and interment was in Holy Cross cemetery, Colma.

Editors Go South

The California Editorial Association will start from San Francisco Monday next on their annual excursion. For eight or nine days they will enjoy themselves in the southern part of the state and be entertained by boards of trade and promotion associations. Tuesday will be spent at Long Beach with the fleet. Riverside, San Diego, Redlands, Los Angeles and San Bernadino will be visited. The party will stop at the best hotels and will be banqueted and feted in great style by the various boards of trade and prominent clubs. Messrs Simkins and Hathaway with their wives from Palo Alto, D. E. O'Keefe from Menlo and J. V. Swift will take their vacation at this time.

Quietly Married

Alvin S. Hatch, the Halfmoon Bay lumber man, and Miss Ruby Wilson of this city were quietly married at San Rafael last Monday. The marriage was quite a surprise to the friends of the young people. They took no one into their confidence and quietly slipped away to San Rafael where the nuptial knot was tied. The young couple arrived here Wednessday evening and presented themselves to the bride's parents who were thunderstruck to hear the news of the wedding of their daughter. Thee parental blessing was given and congratulations were extended the groom. Mr. and Mrs. Hatch left next day for Halfmoon Bay, which place will be the future home of the happy pair. Mr. Hatch is engaged in thelumber business and is one of the substantial young business men of the coast. He has figured prominenlty in politics and is one of the leaders of the republican partyat Halfmoon Bay. The bride has resided all her life in Redwood City and isa young woman highly esteemed for her qualities of mind and heart.

Spring Sarsaparrilla

There's no better Spring Tonic made than Nyal's Sarsaparilla. Its just the right combination of herbs and iodides to put the human system in the finest condition after the "slowing up" of winter.

We know the ingredients, and know how it is made. That's why we recommend it so heartily. The iodides are the greatest of all blood purifiers; it has senna and mandrake to act on liver and the sarsaparilla is reinforced with good old fashioned herbs that never fail.

Damage Suit to be Retried

The damage suit of Sampson Bros. against Hughes and Peers is to be retried in the superior court. Judge Buck made an order yesterday substituting Mrs. Elizabeth W. Sampson a plaintiff in place of D. W. Sampson. The trial of the case was continued to April 23rd. The suit was brought several years ago by the Sampson Brothers against Willian Hughes and A. Peers too recover $10,000 damages for the burning of the former's mill near San Gregorio. It was alleged that a fire was started bydefendants on their premises and through carelessness it spread to the mill which was totally destroyed. After several days trial the jury brought in a verdict in favor of the defendants. An appeal was taken and the supreme court handed down a decision declarring the trial judge had erred in not permitting certain evidence to be introduced and granted a new trial. Since the decision the two Sampson Brothers have died. In the present suit the plaintiffs are Laban Langley, administrator of the estate of G. L. Sampson, deceased, and Mrs. Elizabeth W. Sampson. The attorneys for plaintiff are Ross & Ross and the lawyers fro defendants are Fitzpatrick and Walker.

Just Arrived

It has arrived! It is here! In the valley of Half Moon Bay. The Ocean Shore. A railroad! That which the residents of the coast side have been prawing for, lo! on too fifty years.

"It moves; it reels; it seems to feel, A thrill of life along the steel." and the long hearid Ocean sShore Railroad arrives.

The Ocean Shore Railroad, that which the long suffering, and patient waiting residents of the coast side have been longing, is nearing home. That which we of the coast side have been waitingfor nearly a half century —a railroad—is now within speaking distance; it is now in the valley of the HalfMoon, and in a few short weeks a band of steel will connect us with the outer world, from which this section has been so long isolated, so far asrailroads is concerned, then all will be rejoicing, for the day of deliverance is close at hand.

The Ocean Shore has been making rapid progress with the construction of the road during the past few weeks of nice weather, and as a result, the road has now reached Green Canyon. The work of construction is being rushed rapidly ahead, and track is being laid as fast as the bridges are completed. The roadbed from that point to Half Moon Bay is practically completed, with the exception of a few places which only need bolstering up a little. To all appearances the Ocean Shore people will make good their promise of getting into Halfmoon Bay by June 1st.—Half Moon Bay Review.

John E. Maloney is very low and his death is momentarily expected. He rested easier last evening, however, little hope is entertained of his recovery.

Both Clubs Lost

Last Sunday was rather an off day for Redwood in the Baseball line, both the local teamslosing their games.

The "All Redwood team played the "Victors" of San Francisco and a close and exciting game was witnessed by the many fans who took in the morning game. The local team was somewhat handicapped on account of their pitcher, Denike, playing with a crippled left hand, necessitating his playing throughout the whole game with his right hand alone. However the All Redwood team put up a good game and showed the fans that the boys can play ball, and better results will soon follow .The final score stood 7 to 4 in favor of the visitingteam.

The Redwood team played in the afternoon with the Brooklyns of San Francisco, but lost the game on account of thepitcher's arm going back on him During the week. previous, Fred Barg, the local pitcher, hurt his arm in a hand ball game, but thought the injury was slight, and no ill effects were felt before Sunday's game. However, in the first inning Barg threw his arm out, and he had to give up. Redwood did not have another pitcher and although the boys played good ball, the game was lost. An accident like last Sunday's is not likely to happen again, and some good games arestill on the card.

Tomorrow afternoon the Redwood team will play the Olympic Club team from San Francisco. Batteries, Barg and Ganzo and Hogarth and Brockoff, both major league players. The local boys should give them a tight game and every one who can possibly do so shouldattend and eucourage the boys by showing an interest in their efforts.

The All Redwood team will play their morning game here at 10 o'clock tomorrow, their opponents being the Palo Alto Foresters This promises to be a fast game as both teams are evenly balanced... About fifty Palo Alto people will accompany their ball team, and we should have a good crowd turnout from Redwood

On Friday evening, April 24, our team of debators consisting of Henry Beeger, Laurine Anderson and Sidney Williams chosen at the tryout on March 27, will go to Santa Clara to debate with their team on the question—"Resolved that a tariff for revenue only should be the policy of the United States." Sequoia has the negative in this debate.

The Santa Clara team will consist of Howard Loomis, Maude Lamb and Preston Higgins. The speakers will be given 15 minutes each, and each side will have 5 minutes for rebuttal. he debate will take place in the Auditorium of the Santa Clara High School.

M. Terry Helm, debating manager of the Santa Clara High School, will preside, and the judges for the occasion will be Roy W. Cloud of Redwood City,Charles D. South of Santa Clara College and F. L. Talbert, principal of the Morgan Hill High school.

The debate will begin at 7:30 p. m. and the north bound train which reaches there at 10:35 will stop to bring the debaters and their friends home. As the Santa Clara High School is double Sequoia in size, and as they are greatly encouraged by a victory over San Jose in January, it is to be hopedthat not only a large number of Sequoians, but many of their parents and friends will accompany our debators to Santa Clara and lend them the support needed at a time like this. Redmust show her loyalty to her team by turning outin large force. A round trip rate of 1 1-3 (80cents) will be given to 25 passengers.

Toward a Good Cause

At this season of the year the County Assessor and his deputies are abroad in the land inviting "Every male inhabitant of this State, over 21 years of age except paupers, insane persons and Indians not taxed * *" to paya poll tax of two dollars. The lawprovides that the proceeds of the poll tax must be paid to the county Treasurer for the exclusive use of the school fund,and the various superintendents of schools and others who are interested in the efficiency of the public school system, are disturbed over a growing agitation to abolish the tax.

A communication recevied by County Superintendent of Schools Cloud points out the fact that many people do notknow that the poll tax money goes directly towards the education of the children, else there would not be a disposition to dodge its payment. Should a law requiring a poll tax to be paid be repealed it will takefrom the State school fund nearly half a million dollars, which would have to be raised by direct taxation. This would add nearly four cents per $100 to the tax rate of the State.

TALKS ON TEETH
BY
DR. VAN VROOM
Sixth and Market Sts., San Francisco

It seems a wonderful and impossible thing to the average "plate" wearer that we can put teeth in the mouth and make them stay there firmly without the use of a plate.

Almost the first question put to us by a plate victim is, "How can you do it? and what holds them in place?"

The Alveolar method of putting in teeth is our secret. The fact that we do the work successfully and that it is both beautiful as well as successful, is proof the secret is valuable.

Given two or more teeth in either jaw, tight or loose ones (we make the loose ones tight) and healthy, we promise to put in a beautiful set of teeth each tooth set independently of its neighbor, the whole forming a piece of work that cannot be told from the best that nature can do.

Will they last?

The question usually follows.

We can show hundreds of cases that have been in upwards of four years and are, if anything, more firmly intrenched today than when the work was finished.

They will outlast those who are wearing them.

Will you come in and let us look your teeth over? The consultation and examination are free.

Half the charge of others.

CAUTION—Look out for imitators and impostors. We have NO OFFICES outside of those given below.
